PROJECTS

- **My Portfolio** (Technologies Used: Html, Css, JavaScript, jQuery): Simple Portfolio website that offers my Resume/CV. This Portfolio also involves showing my Skills (HTML, CSS and JAVASCRIPT), Projects and also a Dark and Light mode feature. https://nattcodes.github.io/kome-nath-portfolio/

- **Mena Nath Media** (Technologies Used: Html, Css, JavaScript, jQuery): This is a Public Relation Agency website, which I built for a client that showcases their Objectives, Services and how they can be contacted. https://nattcodes.github.io/MENA-NATH-MEDIA/

- **The Word** (Technologies Used: Html, Css, JavaScript, jQuery): This is a Gospel website that shows a Bible verse, Question section and Gospel movies recommendation. https://nattcodes.github.io/word/

- **Old Jam** (Technologies Used: Html, Css, JavaScript, jQuery): This is a simple landing page, that is programmed to show motivational quote and which it involves a pause and play button that plays an old school music in the background. https://nattcodes.github.io/OLD.JAM/

EDUCATION

University of Benin (UNIBEN)   **(2019- Present)**

- Education and Geography [B.Sc(Ed)]

WORK EXPERIENCE

- **Mena Nath Media Website** (Lagos, Nigeria)   2022

  Mena Nath Media is a Boutique Public Relations Agency that focuses on beauty, fashion and lifestyle brands. I built this website as a freelancer from scratch for a client which showcases their Objectives, Services and how they can be contacted. I built it using HTML, CSS and JAVASCRIPT.
